

Rio Grande Hospital and Clinics Surprise Billing Disclosure

Surprise Billing -- Know Your Rights

Beginning January 1, 2020, Colorado state law protects you* from “surprise billing,” also known as “balance billing.” These protections apply when:

- You receive covered emergency services, other than ambulance services, from an out-of-network provider in Colorado and/or
- You unintentionally receive covered services from an out-of-network provider at an in-network facility in Colorado

What is surprise/balance billing, and when does it happen?

If you are seen by a provider or use services at Rio Grande Hospitals and Clinics (RGH) that is **NOT** in your health insurance plan’s provider network, sometimes referred to as “out-of-network”, you may receive a bill for additional costs associated with that care. Out-of-network facilities or agencies often bill you the difference between what your insurer decides is the eligible charge and what the out-of-network provider bills as the total charge. This is called “surprise” or “balance” billing.

When you CANNOT be balance-billed:

Emergency Services:

If you are receiving emergency services, the most you can be billed for is your plan’s in-network cost-sharing amounts, which are co-payments, deductibles, and/or co-insurance. You cannot be billed for any other amount. This includes both the emergency facility where you receive emergency services and any providers that see you for emergency services.

**Please note that not every service provided in an emergency department is an emergency service.

Non-emergency Services at an In-Network Facility by an Out-of-Network Provider

RGH must tell you if you are at an out-of-network location or at an in-network location that is using out-of-network providers. We must also tell you what types of services may be provided by any out-of-network provider. Out-of-network providers may include, but may not be limited to: **Cheyenne Radiology Group; Dr Dilsher Nawaz; Dr. David Geiger; Dr. Julian Maendel; Dr. Carla Christ; Dr. Matthew Chang.**

You have the right to request that in-network providers perform all covered medical services. However, you may have to receive medical services from an out-of-network provider if an in-network provider is not available. In this case, the most you can be billed for **covered** services is your in-network cost-sharing amount (copayments, deductibles, and/or coinsurance). These providers cannot balance bill you for additional costs.

Additional Protections

- Your insurer will pay out-of-network providers and facilities directly.
- Your insurer must count any amount you pay for emergency services or certain out-of-network services (described above) toward your in-network deductible and out-of-pocket limit.
- RGH must refund any amount you overpay within 60 days of being notified.
- No one, including a provider, hospital, or insurer, can ask you to limit or give up these rights.

If you receive services from an out-of-network provider in any OTHER situation, you may still be balance billed, or you may be responsible for the entire bill. If you intentionally receive non-emergency services from an out-of-network provider or facility, you may also be balance billed.

If you think you have received a bill for amounts other than your copayments, deductible, and/or coinsurance, please contact the RGH billing department at 719-657-2510, or the Division of Insurance at 303-894-7490 or 1-800-930-3745.

* This law does not apply to all Colorado health plans. It only applies if:

- You have a “CO-DOI” on your health insurance ID card, and
- You are receiving care and services provided at a regulated facility in the State of Colorado

Please contact your health insurance plan at the number on your health insurance ID card or the Colorado Division of Insurance with questions.
