Patients, families, and friends,

Rio Grande Hospital is striving to do our part in improving health disparities by ensuring equitable care is provided to all patients in our communities. One of the ways that we are working towards this is by supporting and prioritizing the implementation and/or administration of programs that focus on improving health disparities.

If you have any questions or concerns regarding this issue, please reach out to a Rio Grande Hospital or Clinic's staff member and they will be able to assist you.

Thank you,
